... wireless call system for public and accessible toilets

StaffAlert

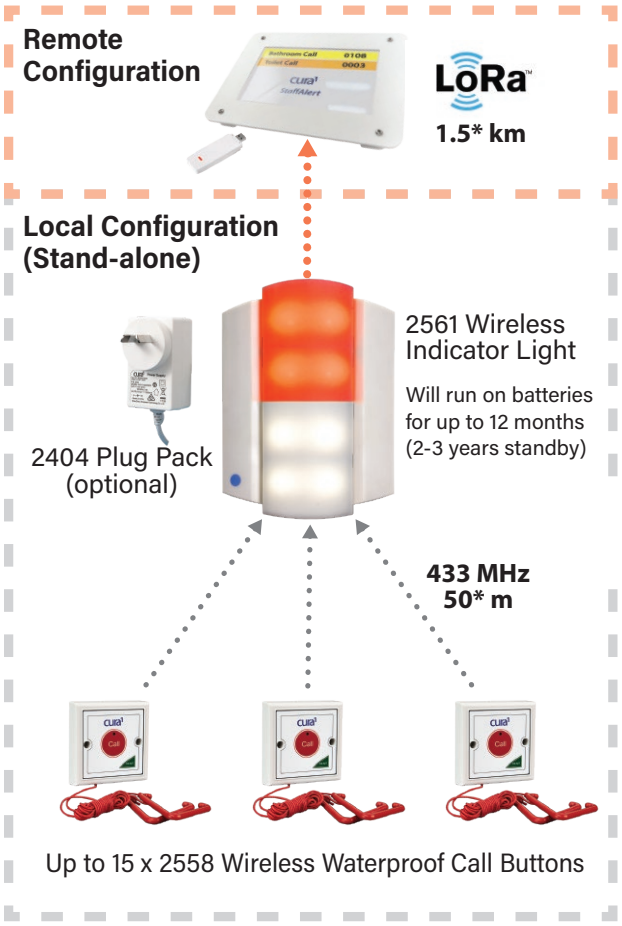

The perfect wireless call system designed for public and accessible toilets. Ideal for schools, libraries and public buildings.

This system ensures users can quickly and easily call for assistance, when necessary.

Use *2558 Call Buttons* with a *2561 Wireless Indicator Light* as a stand-alone system.

Add a *2800 Touch Screen Console* with a *2802 Receiver Dongle* employing the latest LoRa technology to achieve wireless distances of up to 1.5 km*.

- Designed from ground up to be flexible, easy to set up, intuitive to use and competitively priced.
- StaffAlert is a professionally designed system with full functionality and fast, easy setup.
- Handshake signalling. Acknowledgement of signal ensures calls are received reliably
- Automatic transmitting power increase when no handshake received

2800 Touch Screen Console

Android tablet touch screen user interface centrally monitors calls from multiple 2561 Wireless Indicator Lights.

2561 Wireless Indicator Light

Wireless over door alarm indicator and repeater unit. Pairs with up to 15 transmitters.

2558 Wireless Waterproof Call Button with Reset

IP65 certified water resistant emergency call point with removable pull-cord. Replaceable battery with ~2 years expected life.

2802 Receiver Dongle LoRa

Use with 2800 Touch Screen Console to receive alarms from the 2561 Wireless Indicator Light. Up to 1.5 km operating range.

*The range of wireless devices may vary and be dependent on your specific environmental conditions.
