3500R ActiveCare Monitor

cura¹
Helping To Care

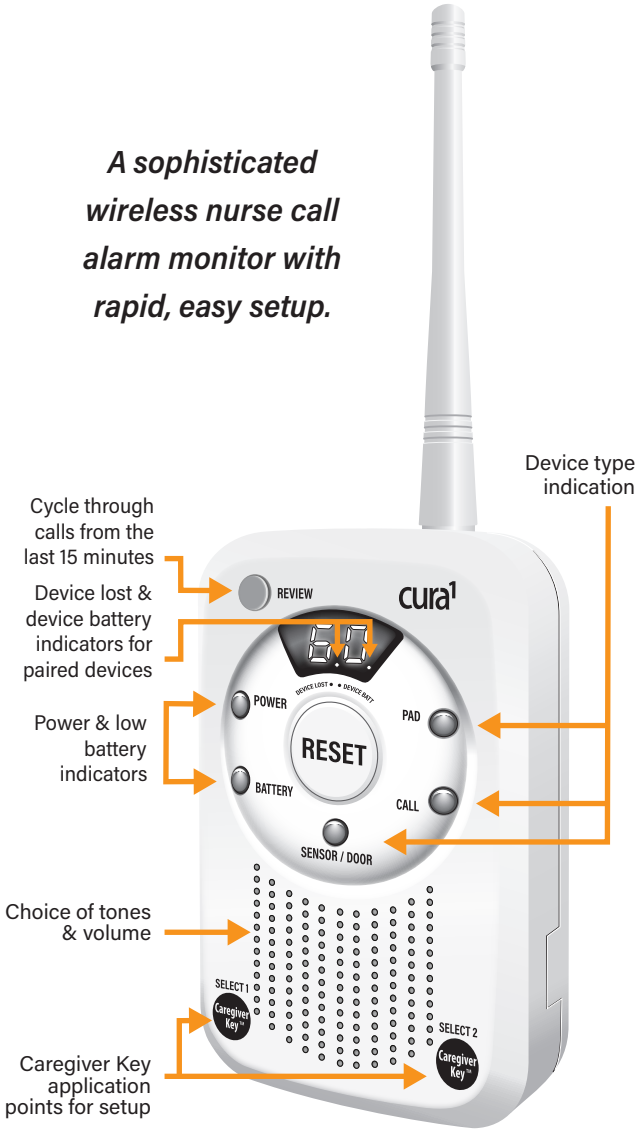

... our most capable monitor for managing cura¹ wireless devices

3500R ActiveCare Monitor

This nurse call alarm monitor with rapid, easy setup is for use with all cura¹ transmitter patient care products. It supports pad / mat, call, and door type alarms and signals to pager with *caller ID* and *device type* displayed. Perfect for hospital or nursing home ward zone monitoring. The 3500R is a valuable tool for wireless patient monitoring.

- Hassle-free installation, no wiring required.
- Wireless caller display alarm (60 devices).
- Integral signal repeater transmits alarm signals to pager.
- Mains powered with battery backup (plug pack & 3 x AA batteries are included).
- Mains power failure or interruption notified to paired pagers.
- Multiple call display - review calls from the last 15 mins.
- Separate indication for DoorAlert.
- Selectable "signal lost" supervision (tracking) of bed, chair and mat devices.
- Review active bed & chair pads.
- Device type indication during active alarms.

A sophisticated wireless nurse call alarm monitor with rapid, easy setup.
